### WHO DEFEATED COX?

Senator Lodge has been accused in some places of being a political partisan, but occasionally the Bay State's statesman penetrates the heights and gives articulation to eternal verities. One of these momentous epochs marks Thursday's calendar of last week, when Mr. Lodge grandly rose in his place in the senate and delivered himself thusly:

"The vote of the country last November was not delivered against Mr. Cox. The great majority was directed against Mr. Wilson and all he represented."

This statement was drawn out during a debate on the nomination of Colonel Harvey as ambassador to the court of St. James and it deserves to live long after that episode will have been forgotten—even though Colonel Harvey does hail from Vermont.

It's dollars to the hole in a fried cake too that the Lodge diagnosis of the late election will hold an honorable place in the Cox scrapbook, notwithstanding that the unsophisticated "Jimmie" had foolishly adopted during the campaign the misguided Wilson and all of his unholy works.

### THE MOANING WAVES

When you make allowance for human nature, you make allowance for human weakness.

The world doesn't lose much in a wood alcohol victim.

It would be rather annoying for the ladies of the W. C. T. U. to plan a surprise party and arrive to find their intended victims busily engaged with the latest home brew recipe.

There is no hope for the man who refuses to learn anything from experience.

Little grains of powder  
Little spots of paint,  
Make the simple maiden  
Look like the vampire  
Which she ain't.

Enright Says Liquor Raids Wreck Force—headline. Sampling prohibition liquor must be too much even for the police.

Advertising is a fine thing, but it is depressing to run into an undertaker soliciting business.

Some innocent men feel guilty when a policeman looks at them.

The only thing girls aren't wearing less of is paint.

Some fishermen now come home with nothing when they used to bring back an alcoholic breath.

The welcome on the doormat may be very misleading.

National questions are settled every day in Pullman smokers.

You can't judge a man by his neckties; he may be color blind.

The problem which confronts the sweet young thing is not getting a man but keeping him.

It is officially reported that the Holy Rollers do not roll their own cigarettes.

In spite of the scientist who recently disclaimed the law of gravitation it will be well to stand out from under falling debris.

You never see a man who doesn't consider himself a diplomat.

It is a natural instinct to think reformers are hypocrites.

How many people realize that a deadly fight for the chess championship of the world is now being fought out in Cuba?

The great international game now seems to be note writing.

Giving a girl a good time includes giving her her own way.

## What Is It You Want In Your Car? What Qualities Do You Expect?

You want a car of sturdy durability that is reliable in its service, a car of generous power and real flexibility of power, a car that rides comfortably and has plenty of room, a car that has proved its qualities, a car of which the upkeep cost is low and the operating costs most economical, a car that is easy to handle, a car of beauty of design, style and finish that you will be proud of, a car upholstered in genuine hand-buffed leather, a car built by a company of wide resources and experience, and you want this kind of a car at a price within your means.

### All These Qualities the Cleveland Six Provides for You

THE Cleveland Six, product of men highly skilled in automobile engineering and production, and built in one of the most modern factories, has won praise from its 20,000 owners who tell us of its wonderful performance on long tours and in daily service. They say they can count on it to do what they want it to do.

#### Why Choose a Four When You Can Have a Six?

The exclusive Cleveland overhead valve motor is alive with power and flexibility of power that you do not find in fours, and in few sixes. The car owner is rare, indeed, who has gone back to a four after owning a six.

#### It Rides Rough Roads Like a Car Weighing Twice as Much

It takes rough roads comfortably at 30 miles an hour, over which you would hesitate to drive in many cars at more than 15 miles an hour. This is due to the scientific distribution of weight and the long low underslung spring construction.

#### 18 to 23 Miles on Gasoline 12,000 to 15,000 on Tires

Cleveland quality makes possible the minimum upkeep cost, and the cost of operating the car is very low. Cleveland owners report season gasoline mileage records of 18 to 23 miles. The

big four-inch cord tires make mileage of 12,000 to 15,000 customary, though many owners report even greater mileage.

#### Hand-Buffed Leather Does Not Check or Crack

The Cleveland open cars are upholstered in high-grade genuine hand-buffed leather, the best upholstery you could ask for. Many cars in Cleveland's general price-field use machine-buffed leather or imitation leather. The handsome sedan and coupe, deeply cushioned, are upholstered in fine velour.

#### There's No Other Car To Equal It At Such a Low Price

If it is possible for you to compare other light cars, fours or sixes, with the Cleveland as to engineering design, quality of material in the car, details of equipment and as to actual performance, you will know there is no other to match it at such a price.

#### Stability and Assurance Back of Every Cleveland

The Cleveland car is produced by a strong, responsible, financially stable organization of long association in the building of fine cars. You can feel every assurance in selecting its product.

### THE CONE STUDIO

O Tempera!...O Mores!

News comes from the dancing masters that the "toddle" "closeup," "shimmy," "camel walk," "jazz" and other freakish and ungraceful dance vogues are passing, with prospects of a return to so-called "standard" steps. This merely suggests the inquiry: What have dancing masters to do with the dancing of the populace? The excuse for most of these wad-

ding, waggling, shivering, posturing, clutching, face-to-face, sweaty and degraded dances is that they express the exuberance of youth. So do the hult, the can-can, the "danse du ventre" and the snake dances of the orient. Some of them are tolerated for their art or racial meaning; jazz persists because no one has the nerve to stop it.

When Mrs. Austin talked to the Women's club last week about chaperoning public dances she said that all she had to do when dancing couples attempted the visible impropriety was to give them a quiet signal or call them aside or in extreme cases to say, "Stand away from your partner."

It is a fact that police-chaperoned public dances are the most orderly and decent dances in the world. Must we have a police matron or a uniformed officer to prevent young people from visibly embracing each other in public or executing movements that come from the dive, the brothel or the unlicensed dance hall?

The worst exhibitions of dancing impropriety in the country are when our so-called "nice" young people get together for a "private" dance, and the chaperons either fall asleep or shut their eyes to impropriety.

We can send a policeman to the public dance, but what good will that do when our unchaperoned, or half-chaperoned, or sleep-chaperoned, young folks can get up a dance of their own and outshine street women, professional exploiters of the obscene and red-light cadets in their demonstrations?

As we said before: What have the dancing masters to do about it?

There is no particular moral crisis impending; young folks outlive most of their nonsense. We merely express the fervent wish that our girls would not seek to imitate the ladies of the chorus and the "move lot" to say nothing of worse. We have also other aspirations for our boys than a more or less accurate imitation of "lounge lizards."

The phase will pass, but let us chaperons stay awake while it's passing.—Rutland News.

In Mother's Necktie Chest are standard remedies which have stood the test of time—remedies which their mothers and grandmothers had used before them. Such is Lydia E. Pinkham's Vegetable Compound, which for nearly fifty years has been helping the women of this country to overcome many forms of female ills; merit alone could have stood such a test of time and won such an enviable record.

A little insurance now and then is the one thing needful for many men. Third Year, National Life Ins. Co. Vt. (Mutual) Earle S. Kinsey, General Agent, Mead Building, Rutland, Vt. Adv.
